Full-Stack Software Engineer with strong expertise in **Java (Spring Boot)**, **TypeScript (React/Next.js)**, and growing proficiency in **Flutter for mobile development**. Experienced in building **scalable enterprise applications**, **RESTful APIs**, and **database-driven systems**. Skilled in **backend architecture**, **authentication & security**, and **DevOps workflows** using Docker and cloud deployment (Render, Vercel, AWS). Passionate about software engineering principles, system design, and solving **real-world business problems** through technology.

Technical Skills

- **Languages:** Java, JavaScript, TypeScript, SQL, Python
 - **Backend:** Spring Boot, Flask
 - **Frontend:** React, Next.js, Tailwind CSS
 - **Databases:** PostgreSQL, Firebase
 - **DevOps:** Docker, Render, Vercel, Git/GitHub
 - **Other:** Figma, Agile/Scrum
-

Experience

Freelance Software Engineer | Self-Employed – Nairobi, Kenya

Jan 2025 – Present

- Built and deployed **web apps** with Spring Boot, Flask, and React.
- Designed **RESTful APIs**, JWT authentication, and database optimizations.
- Delivered **secure and scalable solutions** with Docker deployments.

Freelance Web Developer | Nairobi, Kenya

Oct 2024 – Dec 2024

- Developed **React components** and assisted in backend API development.
- Collaborated with senior devs to add features and fix bugs.

Projects

- **Enterprise Management System:** Spring Boot + Angular app for inventory, sales, logistics, and employee management.
 -
 -
-

Bachelor of Science in Computer Engineering

Official University of Ruwenzori (UOR) – Butembo, DRC | *2018 – 2022*

- Focus: Software Development, Electronics, and Systems Design

State Diploma in Social Techniques

Institut De Beni – Beni, DRC | *2015 – 2018*

Certifications

- **AWS Cloud Computing** – ALX | Ongoing
 - **UX/UI Design Program** – Moringa School & Flatiron School | Sept 2025
 - **Software Engineering Program** – Moringa School & Flatiron School | *Oct 2024*
 - **Certificate of English Language** – Revival Academy, Beni | *2023*
-

Additional

- **Languages:** English (Fluent), French (Fluent), Swahili (Proficient)
- **Interests:** Open source, cybersecurity, IoT, cloud computing
